

BADGEPASS 360 4K WEBCAM

BMP081003

Boasting 4K Ultra HD resolution and a state-of-the-art 1/2" sensor, the 360 4K Webcam ensures unmatched image quality and detail. The 360 4K Webcam's HDR mode perfectly balances the highlights and shadows in your image, ensuring your background isn't blown out by a nearby window.

Additionally, the 360 4K Webcam's gimbal design and advanced AI tracking algorithm enable the lens to follow your movements, ensuring you're always in focus. Automatic zooming and framing keep your subject perfectly framed, enhancing your overall image quality.
